

# STORY STONES

Story stones are a collection of small stones with pictures on them that can be used as storytelling prompts.

How to make story stones:

1. Go for a nature walk and pick up stones.
2. Lay them out and pick your favorite color/sizes.
3. Remove all the dirt from the stones.
4. Draw pictures on one side of your stones
5. Colour each stone with a permanent marker or paint
6. Once your stones are ready it's time to tell a story!
